RESIDENTIAL DISTRIBUTED AUDIO

Homeowners can now walk into their home, use their phone and open their favorite music service app. Playlist pulled up and playing, the homeowner effortlessly finds the name of the room they want to play music in with two button clicks and boom, their music has been set free. The VSSL A.6x is wired up directly to twelve TruAudio Beat Drops in the lobby, a pair of PP-6 in the showroom and a pair of PP-6 in the design center. Leveraging Google Routines, the business owner can now assure his clients are enjoying music as they make buying decisions.

COMMERCIAL

The business owner wants to assure music is always on and playing in key areas of his office during business hours, but doesn't want to pay for an expensive automation system to make it happen. The lobby, the showroom and the design center are his areas of focus. The VSSL A.3x is wired up directly to a pair of TruAudio Beat Drops in the lobby, a pair of PP-6 in the showroom and a pair of PP-6 in the design center. Leveraging Google Routines, the business owner can now assure his clients are enjoying music as they make buying decisions.
